Higher Corvette Honors Available in 2007

NCH Offers an Award Certification that will Rival all Other Corvette Certifications
 BOWLING GREEN, KY., January, 2007 – The National Corvette Homecoming Chairman Joe Pruitt announced today that it has added a new high honor Corvette

Certification to accompany its yearly gathering. The Certification appropriately named Sans Pareil, will feature a custom award and other items to designate those Corvettes and owners who receive the privilege of obtaining the judges' highest marks.

Sans Pareil is designed to rival the current Top Corvette Certifications and to bring a new standard to Corvette certification judging. John Ballard, the appointed Chairman of the SP Judging Committee, has been recruited to help ensure the highest possible standards are warranted for such a prestigious award.

For more information on the National Corvette Homecoming and its' Sans Pareil Certification visit the www.corvettehomecoming.com website. The NCH gathering along with the Sans Pareil judging is scheduled for August 10th, 11th and 12th. There will be a limited amount of certification spaces available each year to help ensure the prominence of the award. Applications can be downloaded from the website and will be accepted up to 1 week prior to the gathering or until all spaces have been filled.
